research at conference

ips Infection Prevention
Society

The Infection Prevention Society (IPS) is pleased to announce that registration for its annual conference, **Infection Prevention 2018**, is now open.

The three-day conference will welcome many world leading experts to impart their knowledge and share what they are doing to tackle current issues relating to infection prevention and control. If you are a healthcare professional with an interest in any aspect of infection control then you will benefit from attending this conference.

Online registration is available at
www.ips.uk.net/conference

THE INFECTION PREVENTION SHOW 2018

Innovation and Partnership for Success

Monday 1st October, Scottish Event Campus

HEALTHCARE

VETERINARY

HOSPITALITY

PHARMACY

UNIVERSITY

LABORATORY

BRAND NEW and as part of Infection Prevention 2018, the Infection Prevention Show with the theme of *'Innovation and Partnership for Success'* aims to help people know what to do next in a drastically changing healthcare environment. It is essential that all healthcare professionals and industry come together to discuss new ways to combat infections and how to prepare for the future.

Highlights of the Show include a session from BBC Broadcaster, NHS Doctor, Private Eye Journalist and Comedian, **Dr Phil Hammond**.

Show times 10am - 4:30pm FREE to attend
Dedicated sessions from 10:30am - 1pm

With access to the UK's largest infection prevention and control exhibition.

Online registration is available at
www.ips.uk.net/conference
